

**San Diego/Imperial County
AA Contact on Release**

Many of us who have made the transition to sober and happy lives on the outside still remember the first days on our own. It was hard to know what to do. Now, we see that we can help the new people getting out. The primary purpose of AA Contact Service is to introduce newly released members to AA on the outside. Being alcoholics ourselves, we know that the people you will meet in your first days out could make all the difference. We hope that we will hear from you.

If you are interested in an AA contact upon release, fill out and mail the attached form to our PO Box. A member of AA will be in touch with you by mail.

Request for Contact on Release
